	the intention of OSFI to change the disclosure requirements into guidelines.	section – issued as draft guideline in January 2016	
IRB – Purchased Receivables – Basel II paragraph 242	Minor deviation relating to the CAR guideline not specifying calculation method for concentration limit of 3.5%.	CAR guideline Chapter 6 – paragraph 46-48 – sets the limit of 3.5% but does specify how calculated.	None of the banks use the purchased receivables approach as such the guideline has not been adjusted. It will be re-examined as the new Securitization rules are implemented. The 3.5% remains a limit on the size of any individual exposure.

Part B

OSFI has rectified the majority of the findings raised during the RCAP assessment. The few remaining identified deviations are being reviewed as part of longer term revisions to the CAR guideline resulting from the ongoing work to Basel III.
